

1983-2014

LEWISVILLE: Kimberly Louise Todd, 31, died Monday, November 24, 2014 in Dallas.

Kimberly was born on May 7, 1983 to Neil and Katherine (Flusche) Todd in Merced, California. She was a mortgage support analyst and financial accounting support worker. Kimberly was one of the oldest known survivors of an extremely rare genetic disorder, ACTA2R179H, with 30-40 known cases world-wide. Struggling with this disorder her entire life, she managed to graduate from Flower Mound High School. She earned her MBA from The University of Texas in Arlington, while working full-time at Citicorp. Knowing her time with us may be short, she pursued her “bucket list” with vengeance; she traveled all over Europe and the United States, created and moderated a Facebook group on her disorder, bought her own home, and always touched other people’s lives with her amazing personality and smile! In the end, she was surrounded by her family and close friends.

She was preceded in death by her father, Neil Todd; her grandparents, James and Sally Flusche and her grandmother, Janice Todd.

Survivors include her grandfather, Harold Todd of New Port Richie, Florida; her mother, Katherine Baxley and step-father, M.A. Baxley, Jr., of Decatur, Texas; her fiancé, Alex Kibner of Lewisville, Texas; her sisters: Angela Bartel and husband, Shane, of Lewisville, Texas; Sarah Todd of Santa Fe, Texas and Megan Flores and husband, Hugo, of Wrightstown, New Jersey and four nieces and three nephews of whom she was known as “Aunt Kimmy”.

Expressions of sympathy may be made in her name to the John Ritter Foundation. Acknowledgements to the family of Kimberly Todd may be sent to: P.O. Box 1532, Decatur, Texas 76234.

Funeral was held at 11 a.m. Saturday, November 29, 2014 at the Assumption of the Blessed Virgin Mary Catholic Church with burial in Oaklawn Cemetery.

Father Thomas Dsouza officiated. Pallbearers included Shane Bartel, Jacob Bartel, Conrad Flushe, Daniel Gardner, Allen Birdsong and Josh McCarty.
